Webinar: No Surprises Act – Practical Tips and Outlook

Events 02.25.21

As part of the $900 billion COVID-19 relief package signed on December 17, 2020, Congress passed the "No Surprises Act." This statute, which will be effective next year, outlines new surprise billing protections for consumers, creates a federal dispute resolution process for certain out-of-network claims, and imposes compliance obligations on both providers and plans.
