

California Data Exchange Framework open for providers and healthcare entities to sign data sharing agreement

Insights

12.16.22

The California Data Exchange Framework (DxF) [Signing Portal](#) is now open for providers and healthcare entities to sign the data sharing agreement (DSA).

As a reminder, most licensed hospitals, physician organizations and medical groups, skilled nursing facilities, clinical laboratories, and certain acute psychiatric hospitals are required by law to sign the DSA by **January 31, 2023**. To learn more about the DxF and the data sharing obligations imposed by the DSA and implementing policies and procedures, please read this article published recently in California Health Law News by HLB attorneys Andrea Frey and Paul Smith, and contact [Andrea](#) or [Paul](#) with questions.
