

HLB Webinar – 2024: A Landmark Year for Digital Health Innovation

Events

02.26.24

- Wednesday, March 13, 2024
- 10:00 am PT / 1:00 pm ET
- 60 Minutes, with 10 minutes Q&A
- 1 California CLE General Credit Available

Utilization of digital health technology has exploded across the U.S. in recent years. This webinar will provide an overview of the digital health changes that are new as of 2024, including telehealth, and other innovative delivery models as addressed in the 2024 Medicare Physician Fee Schedule.

We will also explore the range of pivotal decisions and other anticipated developments regarding digital health services that are expected to be made in 2024, including:

- The future treatment of telehealth as a Medicare benefit.
- Virtual prescribing of controlled substances.

Oversight of AI in health care, which will be tremendously impactful on healthcare delivery across the United States in the coming years.

This webinar will be presented by HLB's [Jeremy Sherer](#), [Amy Joseph](#), [Andrea Frey](#), and [Monica Massaro](#).
