Events

Trump transition teams have begun identifying key priorities, individuals who will lead those initiatives, and potential regulations they may seek to repeal or reform. Control of the Senate has changed and lawmakers in both chambers are beginning to consider policy objectives for the next Congressional session.

Please join Hooper, Lundy & Bookman's Government Relations and Public Policy Department on **December 5, 2024, at 3:00 pm ET / 12:00 pm PT** for a one-hour discussion on the likely health care priorities, initiatives, and challenges for the Trump Administration and the 119th Congress. Our bipartisan policy and lobbying professionals will discuss the implications of the elections on an array of topics including Medicare and Medicare Advantage, Medicaid, artificial intelligence, ACA/Marketplace, health equity, prescription drug costs, and other related issues.

We hope you can join us as we prepare to work with a new Congress and Administration!
