

U.S. House Committee Expands Investigation into Alleged Medicaid Fraud

Health Equity

03.18.26

On March 3, Republican members of the U.S. House Committee on Energy and Commerce (“E&C”) expanded their ongoing [investigation](#) into alleged Medicaid fraud in 10 states by sending letters requesting the production of records and communications, with responses due March 17. The expanded inquiry follows reports of various forms of Medicaid fraud in these states.
