

# President Trump's Budget Released: Includes ONC Proposals

Digital Health

04.09.26

On April 3, The Trump Administration released its Fiscal Year (FY) 2027 [budget](#) request. HHS also released its Budget in Brief [document](#), which included Office of the National Coordinator for Health Information Technology (ONC) proposals. The budget includes an ONC FY 2027 budget request of \$50 million (-\$19 million below FY 2026) and ONC collaboration efforts, such as ONC working with CMS to draft rules updating payment policy/programs and working with HHS's Office of Civil Rights (OCR) to ensure secure patient access to electronic health information. As a reminder, the President's budget request is a framework and not binding.
