

# Alicia Macklin To Speak at AHLA's Annual Meeting

Events

06.18.26

Alicia Macklin will present "Health Care AI is Hot, Legal Risk is Not," on June 29 & 30, 2026, for *American Health Law Association (AHLA)'s Annual Meeting & In-House Counsel Program*.

- Dive into the hottest trends in health care AI—from regulatory sandboxes and agentic tools to patient-facing chatbots, clinical decision support, and AI-enabled operations.
- Understand the fast-moving legal and regulatory landscape shaping AI in health care, including developments from FDA, HHS, The Joint Commission, and state legislatures.
- Learn how leading health systems are building AI governance that works by aligning legal, compliance, clinical, privacy, security, and business teams.
- Leave with strategies to be "hot without getting got"—adopting innovative AI tools in ways that are responsible, scalable, and regulator-ready.
