EDUCATION

University of Phoenix, B.S.,
Management

Linda Sanders is a technological thought leader and the person responsible for the firm's selection, implementation, and management of complex, multifaceted IT systems. Her experience leading strategic and operational technology initiatives for law firms has instilled in Linda a thorough understanding of attorney needs and workflows, knowledge she combines with deep technical expertise to maximize the benefits and ensure the security and continuity of HLB's IT infrastructure.

Linda has spearheaded the firm's substantial investments in IT tools, monitoring, applications, education, and security. Her consistency, commitment, and end-user-driven approach have significantly contributed to the firm's growth and leadership throughout her tenure as CIO.
